

Applications for Roxtec seals within energy storage

Cable entry seals for the energy storage industry

Explore the multitude of applications where you can benefit from our solutions.

Cabinets & enclosures

Roxtec's area efficient seals are ideal for entries to power conversion system (PCS) enclosures, transformers, switchgear and other cabinet applications with high cable density. Protect your equipment by an organized cable entry that is also openable to simplify maintenance and sudden changes.

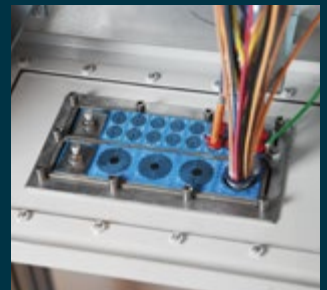

1. PCS

2. Transformers

3. Switchgear

4. Substation enclosures

Why use Roxtec?

- Firestop
- Vapor-tight
- Animal mitigation
- Watertight
- Bonding, grounding and EMI protection
- Cable retention

Superior simplicity

- One cut-out for dozens of pre-terminated cables
- Flexibility for cables and pipes of different sizes
- Built-in spare capacity for future cables and pipes

Buildings & containers

Roxtec cable and pipe seals work efficiently in aboveground and underground walls and floors in buildings, battery storage containers, PCS enclosures and kiosks. Avoid fire, water, humidity and animal issues in your buildings and battery storage containers.

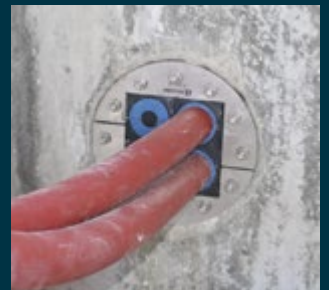

5. Walls and floors

6. Battery storage containers

7. PCS enclosures

8. Kiosks

Standardize for protection and spare capacity

Use Roxtec cable and pipe seals to minimize the risk of downtime caused by fire, animals, water and dust. Install them in power conversion system (PCS) enclosures, battery buildings and containers, substation equipment and transformers. Roxtec seals are extremely space efficient and can be used for new or retrofit applications. Built-in spare capacity enables installers to quickly add cables without having to cut or punch new holes in the equipment.

Find your transit on www.roxtec.com

We are present worldwide as well as online to provide the best possible service and support. We recommend you to visit roxtec.com where you can find certified cable and pipe transit solutions for more than 100 applications and benefit from the easy search functions for both sealing solutions and certificates. You can also simplify your daily work by using the free, online tool Roxtec Transit Designer™.

You are always welcome to contact us with any questions or requests.
